

Below is a **PRODUCT-GRADE ENHANCEMENT BLUEPRINT** to elevate **FLYN AI — Coaches Module** to the same **depth, intelligence, and enterprise readiness** as Events, Notifications, and Church modules.

This is written to be:

- **Immediately actionable for Product & Engineering**
- **Composable via feature flags**
- **Globally scalable (solo coaches → federated coaching orgs)**

No fluff. This turns “Coaches” into a **Revenue + Retention Engine**.

FLYN AI — Coaches Module

Enterprise-Level Enhancements Blueprint

1 Coach Profile & Professional Identity

Core Enhancements

- Rich Coach Profile (bio, credentials, specialties)
- Certifications & Accreditation upload (PDF/Image)
- Languages spoken
- Timezone & availability windows
- Coaching modalities (1:1, Group, Hybrid, Async)
- Social proof (testimonials, ratings)

Advanced

- Multiple personas per coach (e.g. Business Coach + Spiritual Coach)
- Profile visibility controls (Public / Invite-only / Internal)
- SEO-ready public coach pages (Enterprise)

2 Coaching Programs & Packages

Shift from “Coach = Person” → **Coach = Productized Service**

Features

- Program Builder (12-week, 6-session, custom)
- Session templates per program
- Milestones & outcomes tracking
- Deliverables per session
- Homework / assignments

Monetization

- One-time pricing
- Subscription coaching (monthly)
- Tiered packages (Basic / Premium / VIP)
- Organization-paid vs Client-paid toggle

3 Scheduling, Sessions & Time Management

Scheduling

- Smart availability engine
- Buffer times
- Max sessions per day/week
- Client self-booking links
- Reschedule / cancel rules

Session Types

- Video (Zoom / Google Meet / Embedded WebRTC)
- Audio only
- In-person
- Async (voice note / text)

Session Intelligence

- Session notes (private vs shared)
- AI-generated session summary
- Action items auto-extracted
- Next-session agenda suggestions

4 Client Management (Coach-Centric CRM)

Client Profiles

- Goals & challenges
- Intake forms

- Coaching history timeline
- Session attendance
- Progress score

Advanced

- Client segmentation (active / dormant / churn risk)
- Engagement heatmap
- Coach-to-client matching AI (Enterprise)

5 Communication & Engagement

Channels

- Coach ↔ Client direct messaging
- Session reminders (Email / SMS / WhatsApp)
- Broadcast messages per cohort
- Post-session follow-ups

AI Enhancements

- AI-suggested follow-up messages
- Sentiment analysis on client messages
- Burnout detection alerts (coach & client)

6 Learning & Resources Hub

Coaches scale when knowledge scales.

Features

- Resource library (PDFs, videos, links)
- Assign resources per session
- Client access portal
- Progress tracking on resources

Advanced

- Drip-released content
- AI-recommended resources based on session notes
- White-labeled learning portals (Enterprise)

7 Analytics & Performance Intelligence

Coach Analytics

- Sessions delivered
- Client retention
- Revenue per coach
- Average session rating
- No-show rate

Org / Admin Analytics

- Top performing coaches
- Program effectiveness
- Coach utilization rate
- Revenue per program

AI Layer

- Coach effectiveness score
- Churn prediction
- Capacity optimization suggestions

8 Payments, Billing & Compliance

Payments

- Per-session billing
- Package billing
- Subscriptions
- Coupons / discounts

Compliance

- Consent forms
- Coaching agreements
- Notes confidentiality flags
- Regional compliance (GDPR, HIPAA-adjacent logic where needed)

9 Roles, Permissions & Governance

RBAC

- Coach
- Lead Coach
- Program Manager
- Admin
- Finance

Controls

- Session visibility controls
- Notes access rules
- Revenue visibility restrictions
- Audit logs (Enterprise)

10 Automation & Workflows (Game Changer)

Examples

- New client → auto-assign intake form
- Missed session → follow-up workflow
- Program completion → upsell flow
- Inactive client → re-engagement sequence

AI-Driven

- Best next action recommendations
- Coach workload balancing
- Client success probability scoring

11 Marketplace & Discovery (Optional / Enterprise)

- Coach marketplace (internal or public)
- Filters (price, rating, specialty, language)
- AI matching engine
- Org-restricted marketplaces (e.g. Church / Corporate)

12 UX Enhancements for Current Page

Immediate UX Wins for [/dashboard/coaches](#)

- Tabbed Coach Profile:
 - Overview
 - Programs
 - Clients
 - Sessions
 - Analytics
- Inline KPIs per coach card
- Coach health indicators (Green / Amber / Red)
- Quick actions:
 - Book session
 - Message coach
 - View program

Entitlement by Plan (High Level)

Feature Tier	Starter	Growth	Pro	Enterprise
Coach Profiles	✓	✓	✓	✓
Programs	✗	✓	✓	✓
Payments	✗	✗	✓	✓
AI Summaries	✗	✗	✓	Custom
Analytics	Basic	Advanced	Full	Custom
Marketplace	✗	✗	✗	Optional

Strategic Positioning

FLYN Coaches ≠ Scheduling Tool

FLYN Coaches = Coaching Operating System

- Solo coaches scale
- Organizations standardize coaching
- Enterprises measure impact
- AI improves outcomes, not just efficiency
